

KERALA STATE INSTITUTE OF DESIGN

A unit of KASE, Govt of Kerala

Kerala State Institute of Design (KSID), a design institute under Department of labour and Skills, Government of Kerala, is located at Chandanathope, about 8 Kilo-meters from Kollam city. It was established in 2008 and is one of the first state-owned design institutes in India. The faculty development programme and curriculum development for the design programmes of KSID are developed with the help of NID.

The Kerala State Institute of Design (KSID) was established for the purpose of creating a vibrant design community in Kerala through synergistic partnership between artisan community, professional designers and general public. One of the most important objectives of KSID is to promote design education.

The vision of KSID is to educate and train design professionals for creative industries to improve, enhance and enrich the quality of life of people in Kerala through Design intervention.

B.Des(4 Yrs.) Program

The Bachelor of Design is also referred to as B.Des or B.Design is an undergraduate academic degree in the field of design. Kerala state institute of design commenced the under graduate level course with the approval of AICTE, in the year 2020 and affiliated to KTU (Kerala Technical University). The total strength of the B.Des program is 30 students per batch.

The entire duration of the B.Des program would be for four years comprising Eight semesters. Students are encouraged to pursue their own interests, with design thinking, problem solving, creativity, and innovation as essential talents. After the successful completion of the introductory level, our students will be able to pursue their interests in the fundamental design field of Product Design, Textile and Apparel Design, and communication Design streams
